### **Deadline for Applications: April 1 and October 1, 2008**

The Kentucky Historical Highway Marker Program, administered by the Kentucky Historical Society in cooperation with the Kentucky Transportation Cabinet, commemorates historic sites, events, and personalities throughout the commonwealth. The goal is to connect events, people, and sites to bring the past to life, and to increase the public's awareness of Kentucky history. The subjects of the more than 2,000 markers vary widely, but all mark sites that local communities have recognized as important to local, regional, state, or national history.

Through the program, the wealth of Kentucky history is made accessible along the state's highways. The markers are on-the-spot history lessons that add drama and interest to travel for both native Kentuckians and out-of-state visitors.

### **HOW TO SUBMIT AN APPLICATION FOR A HISTORICAL HIGHWAY MARKER**

Taking a subject from an idea to a finished marker takes time, thought, and the work of many people. Marker applications are accepted twice a year: by April 1 and by October 1. After each deadline, an advisory committee meets to review applications and make recommendations as to whether they should be accepted, resubmitted, or rejected. Up to fifteen applications may be accepted in each review process.

#### **STEPS TO COMPLETING A MARKER APPLICATION:**

**1. Request a Highway Marker Application Package from the Kentucky Historical Society.** You can also download an application package from the KHS Web site at [history.ky.gov](http://history.ky.gov).

**2. Notify your county chairperson** that you are preparing an application. The chairperson can assist you with the application (contact the Kentucky Historical Highway Marker Program for the name and phone number of your county chairperson).

**3. Complete the application package**

Application must include:

- a. Application cover sheet
- b. Information about proposed marker
- c. Text Page
- d. Documentation Sheet
- e. Funding sources
- f. Copies of the pages from each reference that document marker text
- g. List of local organizations, including contact information, supporting your marker

**4. Submit FOUR COMPLETE COPIES of the application & supporting materials by the appropriate deadline** (please do not put these in binders).

**5. Community consensus.** Kentucky Historical Highway Markers become highly visible, permanent features of the local sites where they are placed. It is, therefore, important for applicants to secure a significant degree of community consensus, preferably even before the formal application is made. Unanimity is difficult to achieve, but clearly the significant local groups should be supportive. The identity of these groups may vary from place to place but should typically include local historical organizations, local government, patriotic societies, veterans' groups, and organizations involved in historic preservation.

### **COST OF A KENTUCKY HISTORICAL HIGHWAY MARKER**

Once a marker subject is approved, the organization or individual who submitted the application is responsible for obtaining the funds to pay for the fabrication of the marker. The cost for fabrication is:

- \$2,075.00 if the text is the same on both sides of the marker.
- \$2,300.00 if the text is different.

The funds for fabricating the marker must be received by the Kentucky Historical Highway Marker Program office before the order can be placed. Some suggestions for raising funds in your community include:

- A. Ask a business, corporation, or civic organization in your community to contribute funds.  
(We can include the name of one sponsoring organization on each side of the marker.)
- B. Ask members of your community to contribute.
- C. If the marker is about a specific person, ask descendants of that person to contribute.
- D. Hold a special fund-raising event.

### **GUIDELINES FOR KENTUCKY HISTORICAL HIGHWAY MARKER PROGRAM**

1. Applications for markers will be reviewed twice a year by a historical advisory committee.
2. Up to fifteen markers can be approved at each review meeting.
3. The initial acceptance is for the subject only. Once the subject has been accepted, the text of the marker and its accompanying documentation are thoroughly checked by the Kentucky Historical Highway Marker staff to ensure that they meet the required standards for historical accuracy.
4. Markers cannot be approved for:
  - A living person or a person who died less than 25 years ago
  - A purely genealogical or family subject
  - An individual or business if the primary value of the marker is to provide financial benefit to that person or business
  - A cemetery, unless someone significant to Kentucky history is buried there or unless a historically significant event is connected with it
  - A church, unless it meets one of the following criteria:
    - a. The church is connected with a significant historical event or person
    - b. The church congregation has existed, uninterrupted, for at least 150 years;
    - c. The church building itself was constructed over 100 years ago and has been used continuously by the same congregation; or
    - d. The building has historically significant architectural features.
5. Marker *locations* will not be approved for places where they will create traffic hazards or where they are not acceptable to the property owner or the governmental agency having

jurisdiction. The final decision for placement of a marker on public highways rests with the Kentucky Transportation Cabinet.

6. Marker *texts* will not be approved unless they accurately present verifiable historical information. The documentation supporting the marker texts should be based on reliable, original sources whenever possible. *Wikipedia is not accepted as a source.* The texts should also conform to the limitations on the number and length of lines (see page 7).
